

COMMUNITY HEALTH DAY

As Member of Parliament for Ottawa Centre, I would like to express my pleasure at the recent City of Ottawa declaration of April 30th as Community Health Day.

I would also like to take this opportunity to thank and congratulate the Community Health and Resource Centres for all the work that they do and their tireless efforts to make our communities vibrant, inclusive and compassionate. I am always inspired when I go to local events or receive news of initiatives that support those of us who are most vulnerable with many social and economic barriers. The commitment and passion of members of our community is strong. I have no doubt that if we all continue to work together we will become healthier as individuals and as people who share the vision that ***Every One Matters*** and everyone has a right to access health resources.

I am confident that we will all benefit from highlighting the leadership, creativity and wonderful contributions of Community Health Centres to the citizens of Ottawa.

Sincerely,

Paul Dewar, MP
Ottawa Centre
